SAMPLE — FICTIONALIZED DATA, REAL FORMAT

This certifies that **Meridian Systems (Pvt) Ltd** — sample entity, Lahore — completed a *ten-day independent audit of its AI tooling* on 28 Oct 2026. The review covered **19 AI tools and surfaces:** subscriptions and seat utilization, API keys and per-model spend, unsanctioned ("shadow") tools, and network egress — each vendor's retention and training terms checked against the entity's data classes. Remediation of the findings in the accompanying spend ledger was **initiated and scheduled** as of the issue date.

SCOPE REVIEWED	STANDARD OF REVIEW	INTENDED USE
Subscriptions & seats · API keys & tokens · shadow tools & vendor terms · network flows & egress	Evidence-based line-by-line reconciliation of spend against usage; written vendor-terms assessment	Vendor security questionnaires · cyber-insurance applications · enterprise RFPs & due-diligence
